*Cari amici,*

*It took us a long time to find a new home for the festival and are overjoyed to say we've finally made it. 53100 will take place at Villa San Michele in Greve in Chianti, a secluded resort and natural park offering solace at the summit of 800m-high Monte San Michele, the highest mountain overseeing the Chianti hills.*

*While the project has mutated since its inception due to relocation, pandemic-related financial difficulties and the natural course of (r)evolution in our lives, a fundamental point has remained unchanged: our commitment to providing our guests with an enriching and stimulating experience of music, food and culture in Chianti.*

*While we work hard to finalise some of the last details, here you'll find an initial overview of the important practical information. Details on programming will follow very soon.*

# FOOD, MUSIC AND ACTIVITIES

Villa San Michele is run by a couple, Daniele and Alice, whose passion for hospitality and good food is reflected both in the warm, cosy atmosphere of San Michele, as well as their lovely restaurant, serving delicious seasonal and locally sourced Tuscan meals. They'll be looking after the appetite of 53100's attendees and we are confident to say we're in good hands. There will be food stalls on-site providing an ample choice of home-made pasta with typical Tuscan sauces, panini with the infamous local charcuterie & cheese selection, plus vegetarian / vegan dishes with vegetables and legumes from the region (in oil, seasoned or grilled).

As per the music and activities "menu", we will be providing more info on the revised line-up and the cultural activities in the near future. While the line-up for this first edition of the festival will differ from the one initially announced in 2020, we will stick to a policy of carefully selected acts representing a broad and stimulating musical panorama. Furthermore, 53100 is dedicated to unveiling the culture of the land that hosts us, with a programme of soon-to-be-announced activities aimed at enriching our visitors' experience of Chianti.
